Hanuman Satnaraine, Vidya: writes: *"I graduated from USF with my bachelor's degree in Biomedical Science and a master's degree in Medical Science, with a concentration in Women's Health. After completing some additional pre-requisites at HCC, I then went on to pursue a master's degree in Occupational Therapy, and graduated from AdventHealth University in 2021. All of this was initially possible thanks to the Bailey Family Foundation and their investment in me and my college education. I am forever grateful for this foundation and all the individuals who work here. Thank you all."*
